ALLIES AGREE WAR CONTINUANCE

GERMANS IN A SKIRMISH CONTACT WITH FRENCH DEFENDERS OF PARIS

Believed a General Engagement Will Take Place Before City is Attacked-- Kaiser Will Take Antwerp and Paris at any Cost

PARIS, Sept. 5.—The Germans are concentrating today for a supreme effort, the military officers stated. It is believed they will attempt to force a general engagement before attacking Paris. General Gallieni said that the city's defenders are already in contact with the enemy. It is officially announced that "constant skirmishing is progressing. The movements of the opposing armies have continued, both apparently assuming the positions previously decided on. There has been no attempt by the enemy against our various positions."

Fears that the Franco-British allies are in danger of being surrounded are entertained today. The left wing is being desperately harassed, is retiring on its reserves and is preparing to meet another attack.

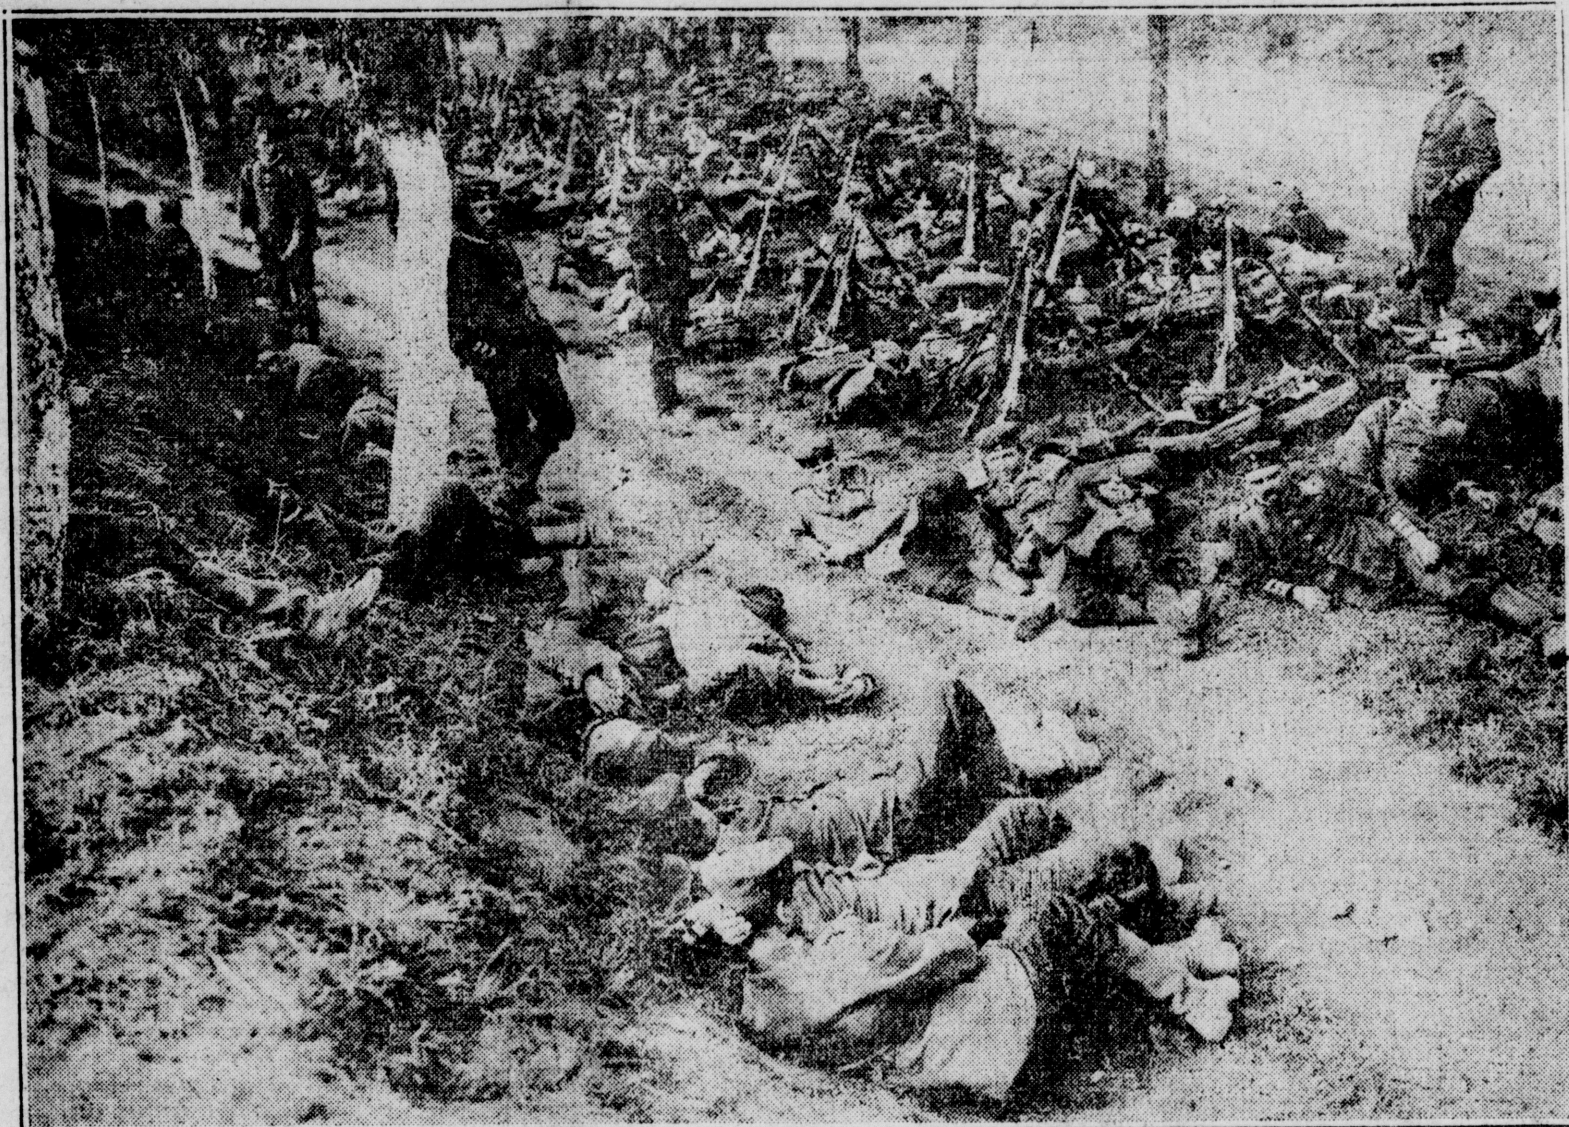

Three German armies, crossing the River Meuse, also had driven back the French center. German cavalry scouts are reported in a close outer ring of the Paris forts. An Antwerp dispatch said that German prisoners have declared that the Kaiser will take Paris and Antwerp at any cost.

New Battle Pending

BORDEAUX, Sept. 5.—French forces have formed in battle line in Northeastern France and are awaiting the attack of the Germans, the war office announced today. It was not stated where the engagement is expected to be fought, nor whether the French have taken the offensive. The government is in constant communication with the front. The French government is buying \$2,000,000 worth of wheat for sale at cost, wherever the price is unduly raised.

Many Americans have decided to stay and see the war excitement although advised by Ambassador Herick to leave. The military regulations are very strict. The city is comparatively calm though the exodus continues.

GERMAN SOLDIERS AS THEY APPEARED AT REST DURING A TRUCE IN THE RECENT SIEGE OF LIEGE

This photograph shows the German soldiers at rest just as 100,000 of them rested during the two-hour truce granted by King Albert of

Belgium during the siege of Liege. They were worn out after four days of fighting in which some 30,000 of them were killed. While the trials

of the defending Belgians were great they did not equal the hardships of the German troops, who, attacking in a foreign and hos-

tile country, had to fight every hour during five days. Whatever sleep any of them won was at the cost of lessened effort in the assault against the stubborn fortifications.

ENGLAND AND FRANCE PLEDGE TO CONTINUE ENGLAND'S WAR TO END

LONDON, Sept. 5.—Foreign Minister Grey and French and Russian ambassadors today signed an agreement binding their countries to continue the European war to the end. One will not make peace on its own account.

Official announcement of the compact immediately followed its signing by the representatives of the governments which are a party to it. When peace is finally concluded, it was agreed by the allies to "undertake not to make any individual de-

mands without a previous mutual agreement." It is believed that this will enable the British and French to have the final word in peace negotiations if Germany is crushed. By playing France against Russia by England is thought to be able to effect a settlement which will not upset the future European balance of power.

200,000 German Loss

The Daily Mail's correspondent at Gisors, France, gives 200,000 as a "moderate estimate" of the German killed and wounded. The correspond-

ent spoke of this as twenty per cent of the total Germans in the field, indicating that 1,000,000 men are under arms. He places the allies' losses at eight per cent.

That the Germans in northeastern France have avoided seriously attacking the more important French fortifications is indicated here today. In most cases they passed the fortresses by, leaving the investing army only sufficient troops to bottle up the garrisons. The Kaiser has sacrificed everything to speed, the assumption

was that they deemed it necessary to crush the French completely before the Russian invasion was under full sway. The Germans marched day and night, resting only during the hottest hours of the day. Stories of the failure of the German commissary are said to be false.

King Albert of Belgium was slightly wounded in the hand by a German shell, according to a News Agency dispatch. The wound was received while leading troops near Antwerp. The report is unconfirmed.

BORDEAUX, NEW FRENCH CAPITAL, IMPORTANT AS AN ANCIENT CITY

BORDEAUX, Sept. 5.—This ancient city of Guienne and capital of the department of Gironde, which is now the seat of the French government, takes rank next after Versailles and lies among the ports of France in both foreign and domestic commerce. It is on the Garonne river, sixty miles from the Bay of Biscay, and is 358 miles southwest of Paris. Its history dates back to the days of the Romans. In addition to being one of the most flourishing commercial cities of France it is also a seat of the arts and sciences. Among its notable buildings is a great theater built by Louis XVI

and the remains of an amphitheater built by the Emperor Gallienus. It has a population of 250,000.

President Poincare has taken residence in the prefecture. The ministry of war is located in one of the buildings of the University of Bordeaux. Officers for the other ministries have been found in various other public buildings.

GERMANY IS TOLD OF SUCCESS IN FRANCE

BERLIN (via The Hague), Sept. 5.—Uninterrupted German successes in France are announced by the war office. It is also stated that the Kaiser's troops are reinforcing the German armies in East Prussia and the Austrians in Galicia. The Lemberg defeat is declared to be merely a strategic move. The public today expected to hear of the fall of Paris. Food is cheap.

200,000 Germans to Austria

Two hundred thousand German regulars are understood today to have been sent to help the Austrians against the Russians in Galicia. The German troops in East Prussia are putting up a determined fight against the invaders. It is not officially stated but it is believed that some troops have withdrawn from Alsace-Lorraine.

German Guns for East

VIENNA (via Rome), Sept. 5.—Several crack German batteries are en route to aid the Austrians in Galicia. This will put heart into the Austrians.

JAPANESE PARLIAMENT IN EXTRAORDINARY WAR SESSION

TOKIO, Sept. 5.—Parliament convened in special session today. Premier Okuma explained to the peers that an extraordinary war budget was needed. He said: "The army and navy are doing their duty in a manner of which the Japanese people may be proud."

Foreign Minister Kato made a similar announcement to the lower house. The Japanese, he said, were obligated further to America for the safeguarding of the interests of Austria and Germany during the war. Parliament was enthusiastic. Among the masses the war is unpopular.

NEW MINERS' UNION HEAD WRITES LETTER

BUTTE, Mont., Sept. 5.—A letter was received today from "Muckie" McDonald, president of the new miners' union. Said he: "Vice-President Bradley is safe and will not return to Butte until the state militia withdraws. The boys know I am not yellow, but I do not intend to stand for false imprisonment. I shall return when I am assured a fair trial."

McDonald is charged with inciting the riot. The city is quiet. Saloons are indefinitely closed.

FIREMEN TO CONVENE IN FRISCO IN 1915

SAN FRANCISCO, Sept. 5.—The Pacific Coast Fire Chiefs will hold their 1915 convention in San Francisco. Word to this effect was received from Chief Murray, who is attending the convention at Victoria, B. C.

A TEBLOR SHAKES SEATTLE EARLY TODAY

SEATTLE, Sept. 5.—A slight earthquake shook Seattle at 1:35 o'clock this morning. There was no damage.

NO ACTION ON TAX UNTIL NEXT WEEK

WASHINGTON, Sept. 5.—The war tax bill suggested by President Wilson in his address of yesterday will probably not be reported from the house ways and means committee until the last of next week. Many Congressmen oppose the tax on gasoline and transportation tickets. They have suggested an increased income tax.

The president conferred this afternoon with the Democratic members of the house ways and means committee regarding the proposed war tax bill. Afterward it was said that the committee has practically abandoned the suggestion to tax railroad tickets and the gasoline tax is looked upon with disfavor. The indications are that beer, wine, amusement tickets, soft drinks, moving picture films, probably whiskey and possibly cigars will be taxed.

CHIP-MURRAY BOUT IS CALLED OFF TODAY

SAN FRANCISCO, Feb. 6.—Because of an injury which George Chip, the middleweight, sustained in training, the Chip-Murray fight, scheduled for Wednesday, was called off today. Chip ran his head into Charlie Horn, his trainer, and split his eye. It was an hour before the hemorrhage was stopped. His physicians forbade him to fight.

MIGHTY ARMY IN EAST PRUSSIA

Russia Throws 800,000 Troops Into Field—Grand Duke's Army Crushes Austrians

20 RUSSIAN ARMY CORPS WILL MOVE ON BERLIN

Austrians Admit Reverses in Russian Poland—Galicia Abandoned to Russians

PETROGRAD, Sept. 5.—The war office today announced the following: "The Russians were vigorously offensive in East Prussia today. 800,000 troops operating. The Austrians were completely crushed by the army of Grand Duke Nicholas."

The statement of the war office said: "Immediately following the declaration of war the Austrians assumed the aggressive against the Russians with their full strength, except four corps which were operating against the Servians. Russian Poland was invaded. After ten days' battle this entire Austrian offensive movement was defeated. The Austrians were beaten along their front extending from the Carpathian mountains to the frontier. The Russians occupied Lemberg and other important positions in Eastern Galicia. There were thousands of prisoners and 200 cannon taken."

"The backbone of the Austrian resistance in the North has also been broken. Meanwhile the Servians defeated the Austrians at Sabatz. Today the Russians are resuming the offensive against Germany with twenty army corps, constituting a force which will march directly on Berlin. The remaining ten corps will be sufficient to operate offensively against Austria."

Austria Admits Reverses

VIENNA (via Rome), Sept. 5.—The Austrian war office has admitted serious reverses in Russian Poland. These are attributed to General Fournier's failure to hold the Tomaszow position against Russia. That failure weakened the northern position and disaster ensued. The Germans arrived before the fighting was over, but too late to save the Austrians, though they covered the latter's retreat. The dead includes two division generals.

It is admitted that Eastern Galicia has been abandoned to the Russians. More German reinforcements are en route today.

"SEALED ORDERS" AT CLUNE'S

"Sealed Orders" deals with the stirring events of a war. A titled spy, Count Spinelli, transmits military information by means of pigeons, which he releases from an old mill on his estate.

Count Spinelli's activities have not prevented him from pursuing Lady Van Houven, wife of a lieutenant. The latter, son of the head of the admiralty, is entrusted with the first attack, governed by sealed orders.

Believing that the squadron had sailed, the Count forges an interview upon Lady Van Houven. The lieutenant's footfall is heard. Fearing a scene, she hides the spy behind the big chimney piece. From here he opens the sealed orders while the young wife and naval officer visit the nursery to bid the babies farewell. They find the baby sound asleep, clutching two elephants, one a toy and the other of paper fashioned by a clumsy hand. Smilingly he picks it up, but is horrified to find that it is the mutilated remnant of a note addressed to his wife by Count Spinelli. The original note had been obviously innocent, but the remaining part was accusing.

Before he can escape after reading the orders the spy is confronted by an angry husband, Lieut. Van Houven is restrained from visiting summary punishment upon the shrinking count, when other officers arrive to hurry him in joining them. Rather than expose the situation he departs in silence.

Count Spinelli rushes off in such haste that he forgets the cloak in the pocket of which rests the copy of the precious order to attack at sunrise. And here the luck that has been with him so constantly plays him a strange trick. The rising wind causes the old mill door to sway, upsetting the trap door over the pit and wedging it so tightly that Spinelli is a prisoner.

The carrier pigeon with the fateful message is shot, meantime, before it

reaches the enemy's lines and the message reveals the fact that the sealed orders have been tampered with and sold. Lieut. Van Houven is relieved of his command, wireless and imprisoned in a fortress as a traitor awaiting court-martial. His wife, knowing that death is the penalty, appears before the court with Count Spinelli's cloak to prove that he stole the sealed orders. In support of this the hastily written copy is found in the pocket. But Lieut. Van Houven, rather than to permit his wife and babies to rest under the implied shame of her confession, calmly acknowledges the cloak as his own and seals his doom, for he is sentenced to be shot.

The activity of his little boy in gaining access to the fortress prison lends sympathetic interest to the story, but avails the condemned man nothing. His wife, however, in feverish frenzy, suddenly associates the abandoned mill with the mystery of the signature "X" on the traitor's message. Thither she went, knowing not why, for a battle raged about the place. Entering the ruin with a sympathetic orderly, a groan brought them to the pit where Count Spinelli lay in the throes of death from starvation and the attacks of rats. Before consciousness had left him, he had scrawled a confession that meant life to Van Houven and the restoration of honor to his wife.

Quickly the orderly rode to the field telegraph station. But the wires were down. A wild, desperate dash brought him to the fortress just as the firing squad was about to carry out the sentence, with not a second to spare, yet in time to send back the innocent man to the bosom of his reunited family.

"Sealed Orders" comes to Clune's theater next Monday, Tuesday and Wednesday. There are seven reels in all. "Sealed Orders" has just finished a very successful run in Los Angeles, where it drew packed houses at every performance.

Fine Program at the Lyric

One of those high-class photoplay programs is being featured at the Lyric Theater today, the headline being "Snowdrift," a beautiful two-part feature with Barbara Tennant and O. A. C. Lund in the leading parts. It is a drama of the northwest and one that will leave a pleasant taste in your mouth after seeing this play.

THE MASTER MIND (Lasky)

To be seen at the Temple Theater Monday, Tuesday and Wednesday. A powerful, absorbing drama featuring Edmund Breese and told in five parts. Breese played the same part in the original drama, in which he scored a tremendous hit. He has also played the "The Third Degree" and "The Lion and the Mouse." But it is in the film version that he has scored his greatest success. The unlimited chances offered him before the camera enabled him to give his undoubted powers greater scope. He is deserving of much credit for his interpretation of "The Master Mind."

This film version was produced by Cecil B. DeMille and Oscar Apfel at the studios in Hollywood, Cal. A strong and capable cast supports Mr. Breese. Mabel Van Buren, who plays the opposite part, is very pretty and does clever work. Fred Montague, Jane Darwell, Dick La Reno, Harry Foshier, Richard La Strange, Monroe Salisbury, and Bill Elmer complete the list of important players.

Probably the most powerful part is the denouement when Richard Allen, "The Master Mind," exposes his hand to the District Attorney whom he hates so much. It is of such power that it makes the audience literally hold their breaths.

A large number of very clever disguises figure in the film. This, together with countless trap doors, windows, etc., make the film of unusual interest. Mr. Breese is a master of make-up, and an added interest is created by showing the actual affixing of wigs, beards, mustaches, on the scene.

Richard, while yet a youngster, is kidnapped and forced to steal for a living. Years later the two brothers, Henry, a wealthy young man, and Richard, "The Master Mind," meet again and recognize each other. Henry shortly after meets and falls in love with a girl who is really a flirt. Seeing her in another's arms he shoots the man, and is convicted, and sent to the chair.

Richard pledges vengeance on the district attorney. He disguises himself as a valet, and with his gang of crooks as a family, he sets Lucine, alias "Three Armed Fanny," to catch the lawyer. The girl is successful and marries the official, really loving him. Just when revenge is at hand, when he can crush the man he hates, he refuses to do so, and everything ends as it should.

Tonight and tomorrow Bruce McRae in "The Ring and the Man," will be the offering at the Temple Theater, a four-reel political romance.

CAPITAL AND CITY HALL AT BRUSSELS, NOW OCCUPIED BY GERMANS

German legions, the great machine which the Kaiser has built up through many years, now occupy Brussels, and the surrender of the city was mourned by Belgians. The seat of government has been removed to Antwerp where the Belgians will make a stand.

Brussels is one of the most beautiful cities of Europe. It is not considered likely now that the German army will destroy it, but the photographs here show the fine structures which were saved only by the payment of a war indemnity of \$40,000,000.

HORACE MCPHEE, ALLEGING LIBEL, SUES A FULLERTON EDITOR, ASKING \$10,000

Horace McPhee, who recently sold the Santa Ana Blade, of which he had been proprietor and editor for nine years, has brought a \$10,000 libel suit against Edgar Johnson, owner of the Daily Tribune of Fullerton. McPhee's complaint was filed by Attorneys Finley & Kolb of Santa Ana.

The paragraph to which McPhee objects appeared in the Fullerton daily on September 2. It read as follows: "The Santa Ana Blade has been sold to Frank P. Clarkson of Ida Grove, Ia., an experienced and successful newspaperman. He promises to improve the paper—and there is lots of room for improvement as the Blade has been a dead one for some time and has been very shaky in a political way. A year or two ago it claimed to be a regular Republican paper, but this year it supported Johnson for governor. Johnson having permitted the Blade editor to retain his position as trustee at the insane asylum at Patton. Editor Clarkson promises to give the people a real Republican paper. Here's success to the new management."

The complaint declares that the Fullerton editor "intended to and did charge and assert" that the "plaintiff was guilty of giving a gratuity as trustee of the insane asylum at Patton for the purpose of retaining and discharging the duties of said office and committed a crime against the people of the state of California. That the said articles, and the words thereof, and the imputations therein contained were and are wholly false, malicious and untrue."

It is alleged in the complaint that Edgar Johnson "wickedly and maliciously" contrived to injure McPhee's "good reputation, good name, fame and credit, and to bring him into public contempt and disgrace," and that Johnson did "willfully, falsely and maliciously" compose, publish and cause to be published the aforesaid article in said newspaper.

Further it is declared that the article is understood as asserting that McPhee had corruptly and dishonestly managed the Blade and retained his position on the asylum board. It is asserted that the assertions made in the Tribune are "false, malicious, scandalous and unprivileged, and did and do expose the plaintiff to hatred, contempt and obloquy by imparting to the plaintiff a low and vicious character and lacking in self-respect." For being "brought into public disrepute, infamy and disgrace," McPhee alleges that his good name, fame, credit and reputation have been damaged in the sum of \$10,000.

McPhee has been a member of the board of managers of the hospital at Patton for a number of years. He was originally appointed by George C. Pardee, who was then governor, and was re-appointed by Governor Gillett just before Governor Gillett's term was up. McPhee's term as director ends December 10, 1914.

McPhee supported Governor Johnson four years ago, after the nomination.

Before a suit for libel can be brought a bond must be given to cover the defendant against loss should judgment be against the plaintiff for either costs or damages. McPhee's sureties are his wife and G. A. Edgar.

DEADLY EFFECTS OF ALCOHOL

Dr. Mac Nicholl of New York studied the family history of 3711 school children, as to the effect of alcohol with this result:

Children whose parents and grandparents were total abstainers, 96 per cent were proficient in their studies, 4 per cent dullards, 18 per cent with organic or nervous diseases.

Those whose parents and grandparents drank, 23 per cent were proficient, 77 per cent dullards, 76 per cent with organic or nervous diseases.

Can California afford to perpetuate a business of this kind for the dollars there are in it? Certainly not. Kill it. Vote for prohibition Nov. 3.

"We are gradually perfecting our plans for a vigorous campaign to learn the sentiments of Orange county voters on the proposed 8-hour law," said John A. McFadden, secretary of the Orange County Commercial and Agricultural League, lately organized to fight the proposed measure, today. "I find that the majority of the people with whom we have so far succeeded in getting in touch are opposed to the passage of the law. The league has not as yet succeeded in getting into close touch with the workmen of the county but I am confident that when the entire workings of the proposed law are explained to these people they will readily see the tremendous hardship the measure will work upon all laboring classes in the event of its being passed."

EDITOR RETURNS FROM THE WILDS

With Borrowed Rifle, He
Killed Two Bucks—by
Proxy

J. P. Baumgartner returned yesterday from a hunting and fishing trip in Siskiyou county. He reports an extremely enjoyable, though somewhat strenuous, outing spent with M. M. and A. J. Crookshank and Mort Hubbard.

A. J. Crookshank and Baumgartner left Santa Ana August 25 for Gazelle, Cal., a station on the Southern Pacific main line. M. M. Crookshank and Hubbard's camp lay forty miles west of Gazelle, in a very rugged mountainous country directly northwest of Mount Shasta.

Baumgartner and A. J. Crookshank staged from Gazelle to Callahan, then packed into the mountains for a distance of about 15 miles to Carter's Meadows, where M. M. Crookshank and Mort Hubbard were then encamped, arriving in camp Saturday noon, August 29.

The two men in camp prepared an excellent dinner for the late arrivals. Specimens of trout were in evidence in unlimited quantities, though neither M. M. Crookshank nor Hubbard had managed to shoot a deer up to the time that Baumgartner and A. J. Crookshank arrived in camp. Preparations were already under way to move camp further southwest near Cecilville, which is close to the Trinity county line.

Sunday afternoon, August 30, the party crossed an extremely high range of mountains and made six miles of their intended journey. Owing to the favorable outlook for hunting, the men decided to remain at this location for several days and then go on further towards Cecilville.

The only hunting while Baumgartner was in camp was done last Monday. On this day two small bucks were bagged, one by the party's guide, Charles Rolf, and the other by a rancher named Kramer, who was in the vicinity looking after some cattle.

In the afternoon of the same day Rolf started back to the old camp for supplies. On his way over he killed a splendid four-pointed buck. Rolf killed this deer from the trail. In passing it might be well to state that both animals which fell a prey to Rolf's prowess were shot with the "30-30" rifle which was loaned Baumgartner when he left Santa Ana by E. S. Morrow, Santa Ana manager of the Pacific Telephone Company. That both Rolf's deer were brought down by this particular rifle testifies amply to the excellence of Morrow's judgment of what constitutes a good deer gun, and Rolf, who knows, says this is a good one.

Securing a guide, Baumgartner "hit the home trail" for Callahan Tuesday morning. M. M. Crookshank accompanied the two men to the point where Rolf had killed his deer the day before. The deer was placed on a mule and the last that Baumgartner saw of "Father" Crookshank he was on bullock headed back for camp with the deer.

Baumgartner reports that Hubbard was slightly unwell when he first arrived in the northern camp, but that he is rapidly recovering.

A. J. and M. M. Crookshank and Hubbard will probably remain at their camp ten days longer before returning to Santa Ana.

Templeton! Paso Robles! Paso Robles! Templeton!

The location with more scenic beauty and natural advantages than is possessed by any other locality between Los Angeles and San Francisco. The wide range of products grown there is bound to make it a wonderfully rich community.

Immense development work now being done is attracting home seekers from all parts of the country.

Next week I will tell you some of the many advantages and why this locality is a particularly good place for a rancher or fruit grower to locate.

PANAMA CANAL, RECENTLY OPENED TO THE COMMERCE OF THE WORLD

The Panama Canal, which recently was opened to the commerce of the world when the Panama Railroad steamship Cristobal went through from the Atlantic to the Pacific. But with a world war on there is little foreign commerce and for the present the canal will see fewer ships than in time of peace.

For the present, vessels requiring more than thirty feet of water will not be able to make the passage,

but it is expected that the channel will be deepened by the time any vessels of more than thirty feet draft are ready to pass through the canal.

The formal and official opening will take place next March, when there is to be an international celebration at which President Wilson and members of his cabinet are to be present.

A number of steamship lines were

ready to send their vessels through the canal at once. One steamship lately leaving San Francisco and another New York have already passed through the canal.

Collections of tolls were begun with the first ship passing through the canal after the Cristobal's trip. The rates are \$1.25 per registered net ton. Passengers and crews are not to be charged for passage through the canal.

Food prices advance in proportion to demand over supply.

Hostilities abroad are likely to cause nearly all lines of American-raised food products to show an upward tendency in price.

Some people claim that beefsteak at a dollar a pound is not beyond a possibility, should war between the European countries continue six months. Fortunately for most of us, from a HEALTH as well as from a FINANCIAL standpoint, there are other foods that furnish as much or more nutriment than meat, and at a much less cost.

Oatmeal, when properly prepared and rightly cooked, is one of the very best substitutes for meat; and it is comparatively inexpensive as against the cost of meat at present prices. But all oatmeals are not alike; far from it. Some brands are much better than others. For instance, H-O OATMEAL, which is made from selected oats, carefully prepared, properly cooked, and packed in airtight germ-proof packages.

H-O Oatmeal sells at Fifteen Cents for a large package. Ask your Grocer; he knows about H-O and why it is better than other Oatmeals.—Advertisement.

For these young people, starting with us now, to occupy high salaried executive positions a few years hence, they have only to follow the hundreds who have gone before.

Day and Evening Classes

You don't have to give up your present position, if now employed. We have made arrangements for just such emergencies. You can spend with us a few evenings a week and get the same training from the same teachers as in the day school.

Many of our biggest men in business are graduates of a night school.

Business Needs You

A HOUSE-WARMING

Mr. and Mrs. Warren Amos Receive Friends in Pretty New Bungalow

Mr. and Mrs. Warren Amos delightedly entertained their friends last night at a house-warming in their new bungalow on South Main street, into which they have just moved.

The spacious bungalow is a beautiful one, and the guests enjoyed the charmingly cozy environment greatly.

Much competition was raised in a guessing contest in which Mrs. C. Davis won first prize and Joe Baggerly won the consolation trophy. The living room and dining room were decorated in huge bouquets of lavender and white asters and maiden-hair ferns. The centerpiece of the dining-room table was a large brown basket of the same flowers. A delicious two-course supper was served, after which dancing was enjoyed, the sprightly dance music being furnished by an excellent victrola.

The guests departed at a late hour, highly complimenting the host and hostess on their delightful entertainment.

The guests were Mr. and Mrs. Verne Whitson, Mr. and Mrs. E. G. Kennedy, Mr. and Mrs. C. Davis, Mr. and Mrs. R. Haines, Mr. and Mrs. Max Reinhaus, Mr. and Mrs. James Pierce, Mr. and Mrs. Errol Lucas, Mr. and Mrs. William S. Bullard, Mr. and Mrs. A. Batty, Mr. and Mrs. Fitzpatrick, Messrs. J. Rogers and J. Baggerly.

Return From Vacation

The Rev. Rufus S. Chase, rector of the Church of the Messiah, and Mrs. Chase returned Thursday evening from their August vacation, spent in Oakland and the Santa Cruz mountains above Los Gatos. Mr. Chase will preach at both services tomorrow.

La Jolla Sketching

Mrs. Elizabeth Baker Gowdy, the widely known water color portrait painter of New York City, and her sister, Miss Sarah Gowdy of 825 French street, have returned from La Jolla where they spent a week in sketching from nature. Miss Sarah Gowdy is also an artist, whose devotion to her mother, who is in delicate health, prevents her from giving much time to her art.

Both greatly enjoyed the scenic charm of La Jolla, the rugged shore and delicate cottages appealing greatly to their artistic perceptions. Miss Gowdy remained in the south for a little while after Mrs. Baker came home, seeing the points of interest in that vicinity with San Diego friends.

Congregationalists, Attention!

The committee on pastoral supply earnestly request the members of the Congregational church to be present at the morning and evening services tomorrow to hear Rev. Roy Campbell, of Palo Alto. A special business meeting will be held at the close of the morning service at which the committee will lay before the congregation the information it has secured in regard to Mr. Campbell and his work. Mr. Campbell is known as one of the strong men in the Bay region, and is said to be especially successful in work with the students of Stanford University and young people generally. He will be here only one Sunday and it is therefore important that every one interested should be present.

The W. C. T. U. will meet Tuesday at 2:30 in Birch Park. The children are requested to come at 2:30 as they will have a part on the program. Bring a light lunch. Everybody is invited.

All Day Meeting

A combined meeting of the Ladies' Aid Society and Missionary societies of the First Presbyterian church was held at the home of Mrs. H. S. Gordon yesterday. The affair was in the nature of an all-day meeting and took place on the beautiful lawn of the Gordon home. The spot was ideal and the ladies greatly enjoyed the all-day setting. In the forenoon, Mrs. E. B. Smith gave a talk on mission work in Africa. A picnic lunch with which hot coffee was served closed the forenoon session.

In the afternoon, the president of the Ladies' Aid Society reviewed the outlook for the year, and Mrs. C. E. Rudbeck also gave a talk on important movements. A vocal and instrumental musical program was given, and Mrs. Shepherd read "The Kentucky Belle," a southern story. Interesting letters from Sadie M. Nourse Wellborn and other missionaries were read. There was a good attendance, and the time was profitably spent.

A "Weenie" Bake

A merry "weenie" bake was held under the big trees on Friday evening at the residence of Mr. and Mrs. F. S. Cole on McClay street. A big bonfire sent its cheerful flames into the air while the company toasted marshmallows and roasted "weenies" which were later eaten with buns followed by a course of watermelon. Then stories were told, with Fred Stillings as master of ceremonies and the man who could tell the "biggest" stories of all.

The guests at this merry outdoor party were Mr. and Mrs. Fred Stillings, Mr. and Mrs. G. D. Cole, Mr. and Mrs. Garfield Ouel, Mrs. M. E. Yost of Redlands, Mrs. Ernest Wakeham of Tustin, Mrs. W. Ellis Whitney and Mrs. Ina Peck; George and Will Cole.

Veteran Rebekahs

The Veteran Rebekah Association met yesterday afternoon at Odd Fellows' hall, and after a short business session, a social hour was enjoyed. The ladies were entertained with an account of a 500-mile trip by auto recently taken by Mr. and Mrs. John Holt, who returned last week. Mr. and Mrs. Holt made short visits with friends along the way, stopping at Inglewood, Ventura, Santa Barbara, Arroya Grande, San Luis Obispo and the farthest point to Paso Robles. Special mention was made of a visit to Dale Peters, wife and baby, who were pleased to see old friends.

Plans were made yesterday for an entertainment to be given in the near future for the benefit of the I. O. O. F. Children's Home at Los Gatos. A committee consisting of Mrs. C. S. Shaw, president, and Mrs. Ella Hicks, vice president of the association, served delicious watermelons at the close of the meeting.

Services Resumed

The usual morning service will be held at the Unitarian church tomorrow morning. The church was closed during the month of August for the customary summer vacation. The Unitarian church at Long Beach, also ministered to by Rev. Mr. Watry, continued their Sunday evening service without intermission.

AUCTION BRIDGE DINNER

Coterie of Congenial Friends Meet at Home of the Fred Parsons

Mrs. Fred Parsons was hostess last evening with a pretty six o'clock dinner with auction bridge following. The men of the party spent the afternoon playing golf at the Country Club, motoring up from Newport Bay after the games.

Mrs. Parsons had yellow as her color motif, using golden glow in brown baskets, relieved with sprays of asparagus ferns. The table was centered with one of the pretty flower filled baskets tied with a bow of filmy yellow tulle. Covers were laid for Dr. and Mrs. Roscoe Whitted, Mr. and Mrs. Robert Shafer, Mr. and Mrs. Russell Scott, Mr. and Mrs. Hatzfeld, Mr. and Mrs. E. S. Morrow, and the host and hostess, Mr. and Mrs. Fred Parsons.

In the after dinner auction bridge games Mrs. Hatzfeld was winner of high score and its corresponding prize and, just to keep all the honors in the family, Mr. Hatzfeld showed low score card, thus capturing the consolation trophy.

W. R. C. Meeting

A business meeting of the W. R. C. was held at G. A. R. hall Thursday afternoon with a large attendance. Mrs. Crane of Garden Grove and Mrs. Hubbard of Santa Ana were initiated. Thirty sick calls were reported as having been made and several bouquets distributed. Mr. and Mrs. George Huntington were reported as being much better from their recent accident.

The usual corps tea will be given at the G. A. R. hall, Friday, September 11, with Mrs. Mary Field, chairman. A good program has been prepared and all interested are invited to attend.

Miss Balcom Is Safe

Miss Rose Clinton, now of the France when the war in Europe broke out, has cabled relatives that she is now in England, and expects to leave there for America on Saturday, September 5. This will be pleasing news to Miss Balcom's friends in Santa Ana, as they have felt more or less concerned as to her welfare, although it is pretty generally conceded now that Americans are being well treated.

Moose Had Good Session

An interesting lodge meeting was held last night by the Santa Ana Moose, one member being admitted by card. A good deal of interest was shown in the first Moose ball game of the season, which is to be played tomorrow under the expert direction of Manager S. E. Deck.

A number of visitors were present and a jolly social time was enjoyed. Not only were there a number of outsiders present, but a large attendance of the members swelled the crowd to a goodly number.

Evening at Cards

Mr. and Mrs. Ed L. Dunavan of 1515 North Main, last evening informally entertained Mr. and Mrs. Rufus Francisco and daughter, Margaret. Both families were formerly from Colorado. Mr. Francisco has been a few months in Orange county representing a cash grocery plan, meeting with great success. He will leave next week for Los Angeles, which will be his headquarters in the future. After an evening at cards the hostess served delicious fruit of several varieties.

W. F. Heathman, a nominee for judge of the superior court, announces that he is going to stay vigorously in the race until the November election. GARDEN GROVE GOOD WINTER IS AHEAD FOR GARDEN GROVE

Optimism and Splendid Community Spirit Indicate Progress

Sidewalk is Being Laid in the Vicinity of Baptist Church

GARDEN GROVE, Sept. 5.—The north end of town in the vicinity of the Baptist church is being improved by putting down about 1000 feet of cement sidewalk.

With the business streets paved, there is reason to believe that there will be a good deal of sidewalk done in the next few months.

Garden Grove has been moving ahead rapidly of late, and there is every indication that the coming winter will see more substantial progress in this town than in any previous period.

The people themselves are optimistic, and that counts for a good deal. Moreover, they have good reasons to be optimistic, for Garden Grove has developed a splendid community spirit, and general prosperity adds to the feeling that more good things are coming Garden Grove's way.

Mr. Fulsom has not decided what he will do but at present he and his wife will take a much needed rest.

Garden Grove is to have an up-to-date moving picture theatre. It will open soon.

WOMAN COULD NOT SIT UP

Now Does Her Own Work.
Lydia E. Pinkham's Vegetable Compound Helped Her.

Irnton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

Daughter Helped Also.
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like." Mrs. RENA BOWMAN, 161 S. 10th Street, Irnton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

LAS ANGELES PRODUCE MARKET

Egg receipts were reported as only 198 cases of locals yesterday morning. The market advanced 2 cents on all stock here and in San Francisco the market went to 36½ cents. A good demand and a slight shortage of fresh stock on hand was the cause for the rise. There is considerable talk about using alt. receipts on the daily report, this to give a more fair and just estimate of what is coming in than by publishing merely local arrivals. The only opposition such a measure has comes from some of the principal dealers in eggs, who feel that publication would make it possible for competitors to estimate their rivals' business. Butter receipts were 25,050 pounds. This product is also reported only in part. Eastern and northern stock is never reported, save to dealers who have permission by their membership in the produce exchange to examine the daily report. The market here was unchanged yesterday and in San Francisco it was reported at 32 cents. Cheese receipts were 2780 pounds and a very firm tendency continues.

Sam Stein's Stationery Store starts Saturday, Sept. 5th.

Makes Buildings 30 Degrees Cooler

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below.

This is only one of the exclusive features of

J-M ASBESTOS ROOFING

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

IT APPEARS TODAY STEVENS DRAFTING IS ONLY A RUMOR

The rumor that Carlton Stevens, the young Santa Ana caterer, who is at present playing with the Tacoma team, has been drafted by the Boston Americans appears today to be nothing more than a rumor.

A Stevens of 214 Garnsey street, father of Carlton Stevens, says that he has had no word from his son to the effect that he had been drafted. In a letter written his parents some time ago young Stevens said that the manager of the Tacoma club had told him that a scout from Boston had offered to buy the Santa Ana boy. The elder Stevens does not know whether the scout represented the Boston Braves or the Boston Americans.

Stevens' parents expected a letter late today from Tacoma. When this letter arrives the question of whether young Stevens has been drafted or not will undoubtedly be settled.

Whether Carlton Stevens will catch for the local Moose nine this winter is a question of doubt. Manager Deck of the Stags wrote young Stevens some time ago, asking him whether he would catch for the Stags. The only reply which Deck has had is a post card which bears the cryptic words that "everything is all O. K."

Whether this means that Stevens is getting along nicely in the North or that he has agreed to catch for Deck this winter is not known.

A thing which makes it appear extremely doubtful whether Stevens will play here during the fall and winter is that he wrote his parents about a week ago that he had had a splendid offer to catch two games a week for the Visalia club at a good salary. Stevens does not say whether he has accepted this offer.

Stevens is expected home from Tacoma in about two weeks. As an-

nounced recently the northern club will close the present season two weeks earlier than usual.

SAFETY DEPOSIT BOXES INSTALLED BY LOCAL BANK

For the benefit and private use of the customers of the California National Bank, this city, the bank has recently had installed by the Invaluable Metal Furniture Company of Monroe, Wis., 200 modern safety deposit boxes.

The set of private safe deposit boxes has been placed in a massive and absolutely burglar and fire-proof vault. The vault containing the boxes is even stronger than the bank's own money vault.

The state laws in regard to the maintenance of safety deposit boxes are very strict. For instance, one of the things the law provides for is that no one may open one of the private boxes unless in the presence of an attendant of the bank. Each box has two keys. One of the keys to each box remains in the possession of the bank. A user of the safe deposit boxes cannot open his box with his key unless an attendant is present with the second key to work the combination.

The newly installed boxes at the California National will prove of tremendous convenience to all the bank's patrons. The boxes may be had at a trifling annual rental and provides an unexcelled place of safety for valuable papers.

SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While
if Your Bladder is
Troubling You

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, of invigorating lithia-water drink. Advertisement.

(By Staff Correspondent)

ORANGE, Sept. 5.—Armed with steaks, melons and numerous other eatables, the Clover Club organized an invasion of the Orange County Park last evening. The raid was entirely successful from every point of view and will be remembered as a very pleasant affair. The large and tempting picnic feast was the main feature of a very delightful evening.

Those present were Mr. and Mrs. Roy Melton and family, Mr. and Mrs. Truman Knight, Mr. and Mrs. W. T. Syester, Mrs. W. B. They saw field after field of alfalfa that will net \$70 or more an acre—three cuttings. They saw prize-winning potatoes, 400 to 500 bushels per acre, average yield—luxuriant stands of oats and wheat—fine stretches of green garden—trees heavy to breaking with luscious pears, apples, and peaches. They investigated the great gravity irrigation system that waters the Milford Valley lands—they saw an abundance of water for all time to come and were astonished at the exceptionally low cost of water main-

tenance (which should not exceed 25 or 30 cents per acre per year). In a word, they found soil, water, climate, markets, railroad facilities, social and educational advantages even better than we had promised.

Past experience in judging farm land values taught them that the value of the land, now selling at \$30, would be \$200 an acre and up when under cultivation. Write or call for free illustrated booklet. Special excursions at low homeseekers' rates, Wednesdays and Saturdays from Los Angeles.

MONTGOMERY GETS HIS TIRES BACK ON JERNIGAN'S HUNCH

In some manner City Marshal Jernigan had a "hunch" day before yesterday that two automobile tires which were dropped by three youngsters while they were running across the First Street School grounds belonged to Tarver Montgomery, 210 East Walnut street. Jernigan's "hunch" proved correct. The tires were actually the property of Montgomery. The latter had four used tires taken from his garage but had not missed them until questioned by the city marshal.

The three boys were seen rolling the two tires across the school grounds by the janitor. His suspicions becoming aroused, the janitor called to the boys, who dropped the tires and disappeared in different directions. The janitor notified City Marshal Jernigan.

When Jernigan saw the two tires he was convinced that they were the property of Montgomery. Montgomery examined the rubber auto shoes and claimed them as his property. Jernigan is still looking for the youngsters.
